TOEFL iBT Test (December 2015) – Score 71/120 (Intermediate)

Communication skills

Very good social skills, acquired through regular meetings at work with stakeholders and in extra field work with groups of young players as their coach (this experience that I was very helpful to consolidate the leadership is indispensable in this area and in the business). Ability to create a relaxed climate, with the conviction that the quality of human relations and developments facilitate the spirit of cooperation and tolerance result that a good organization requires. Good disposition to listen and mediation. Strong sense of responsibility. Enterprising and always ready to demonstrate how to be useful to the company as a man before as technologist (as technological expertise you can buy and is always constantly changing, unlike other qualities such as leadership).

Organizational skills

Excellent organizational and management skills gained even in difficult run. Leadership consolidated over time and recognized thanks to the technical skills and the human qualities. Problem solving skills with respect to emergencies that may arise in the acquired business scopes national and multinational companies. Good organizational skills and consolidated coordination of relations between the internal and external resources, both nationally and internationally involved in projects and activities in the field of information technology and not (project management) acquired in managing numerous development projects and technological consolidation in companies to shape national but also international. Depth knowledge of information flows and business process.

IT skills	<p>Desktop-Server Environment Excellent knowledge of desktop operating systems (Windows, MAC) Excellent knowledge of Microsoft Office (included Access, Project, Publisher, Visio) Excellent knowledge of internet browser (Internet Explorer , Mozilla Firefox, Chrome) Basic knowledge of Autodesk AutoCAD Excellent knowledge of server operating systems (Windows with Active Directory-GPO, Linux) Good knowledge of web server services (Microsoft Internet Information Server) Good knowledge of mail server (Exchange, Mail Daemon, Lotus Domino) Good knowledge of DBMS (Microsoft SQL Server, DB2, Oracle, mySQL) Good knowledge level management and maintenance of the AS400 system Excellent knowledge of system and network tools (OpManager) Excellent knowledge of Virtualization (VMware, Microsoft Hyper –V) Excellent knowledge of thin client technology and terminal services solutions (HP with Citrix/Jetro)</p> <p>Development and Maintenance Software Good knowledge of programming languages (Microsoft Visual Basic, Pascal to objects, Modula II , Assembler M68000 and Z80 , C); basic knowledge of programming with Delphi, Visual C + +; creation of websites using various applications and technologies (HTML, PHP package with Macromedia) Excellent knowledge of IT Service Management (OpManager) Management and analysis interfaces-flow data from / to vertical applications (Piteco, TLQ, Spring) Knowledge of various solutions Reporting and Business Intelligence (BO, QLIK, Board, Databeacon) Knowledge of solutions of Enterprise Product Data Management (PDM) Systems (Autodesk PDM) Knowledge of solutions of Document and Workflow Management (Arxivar)</p> <p>Networking and Security Construction and maintenance of LAN and WAN architectures (Ethernet TCP / IP) Configuration and maintenance of switches and routers of various brands (Cisco, HP, 3Com) Management and network design (knowledge of structured cabling) Knowledge of Firewall and VPN solutions based Linux IPTables and OpenVPN Excellent knowledge of antivirus enterprise server solutions (ESET NOD32 Server, Norton, McAfee) Knowledge of analogue telephone exchanges, digital and VoIP phone systems (Alcatel, Ericsson), Polycom video conferencing and IP video surveillance systems (Panasonic and Samsung hardware, Milestone software) Excellent knowledge of hardware technologies for datacenter (IBM Storage, Tape and Server, HP, APC) and for solutions of establishment (radio frequency field terminals)</p>
Artistic skills	In my free time I devote to creative hobbies covering the manual (model railway) or in sports activities aimed at training of young players. They are also fond of stamp and numismatic collecting.
Driver license	B
